### **REQUESTOR'S POSITION SUMMARY**

**Requestor's Position Summary:** "Understanding that TWCC is wanting to move to a hospital reimbursement of a %-over-Medicare, we have used that methodology in our calculation of fair and reasonable. Medicare would have reimbursed the provider at the base APC rate of \$2630.83 for APC# 0042. Allowing this at 140% would yield a fair and reasonable allowance of \$ 3683.16. Based on their payment of \$1118.00 a supplemental payment of \$ \$2565.16 is still due."

**Amount in Dispute:** \$2,565.16

### **RESPONDENT'S POSITION SUMMARY**

**Respondent's Position Summary:** "It is the Respondents position that the Requestor was paid more than a fair and reasonable amount as determined in accordance with the criteria for payment under the **ACT**. Specifically, the amount paid by the Respondent was more than which would be allowed under Medicare. Respondent has paid Requestor \$1118.00 which is the same amount that a full service hospital would be paid for its facility charges associated with a spinal surgery and a one-day inpatient hospitalization. As the Requestor, the health care provider has the burden to proof that the fees paid were not fair and reasonable."

### **FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

## **Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of health care in the absence of an applicable fee guideline.
3. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
4. This request for medical fee dispute resolution was received by the Division on April 20, 2007.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
  - 97 – Pymnt is included in the allowance for another srv/px. included in global reimbursement. Reimbursement is being withheld as this procedure is considered integral to the primary proc billed.
  - 16 – Claim/srv lacks info which is needed for adjudication. In order to review this charge we need a copy of the invoice detailing the cost to the provider.
  - W10 – No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology. Reduced to fair and reasonable.

## **Findings**

1. This dispute relates to services with reimbursement subject to the provisions of Texas Administrative Code §134.1, effective May 2, 2006, 31 *Texas Register* 3561, which requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."
2. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
3. 28 Texas Administrative Code §133.307(c)(2)(A), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of all medical bill(s)... as originally submitted to the carrier and a copy of all medical bill(s) submitted to the carrier for reconsideration..." Review of the documentation submitted by the requestor finds that the requestor has not provided a copy of all medical bill(s) as originally submitted to the carrier. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(A).
4. 28 Texas Administrative Code §133.307(c)(2)(B), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of each explanation of benefits (EOB)... relevant to the fee dispute or, if no EOB was received, convincing documentation providing evidence of carrier receipt of the request for an EOB." Review of the documentation submitted by the requestor finds that the request does not include a copy of the EOB detailing the insurance carrier's response to the request for reconsideration. Nor has the requestor provided evidence of carrier receipt of the request for an EOB. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(B).
5. 28 Texas Administrative Code §133.307(c)(2)(F)(i), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include "a description of the health care for which payment is in dispute." Review of the submitted documentation finds that the requestor has not provided a description of the health care for which payment is in dispute. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(i).
6. 28 Texas Administrative Code §133.307(c)(2)(F)(iii), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include "how the Labor Code, Division rules, and fee guidelines impact the disputed fee issues." Review of the submitted documentation finds that the requestor has not discussed how the Labor Code, Division rules and fee guidelines impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iii).
7. 28 Texas Administrative Code §133.307(c)(2)(G), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute

involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable.” Review of the submitted documentation finds that:

- The requestor’s position statement asserts that “Understanding that TWCC is wanting to move to a hospital reimbursement of a %-over-Medicare, we have used that methodology in our calculation of fair and reasonable.”
- The requestor does not discuss or explain how a %-over Medicare supports the requestor’s position that the amount sought is a fair and reasonable reimbursement for the services in this dispute.
- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

### **Conclusion**

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

### ***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
